

GOSPORT ICE SKATING CLUB

Forest Way, Fareham Road, Gosport, Hampshire PO13 0ZX

Photography & Video Policy Club Members

As a Club member or parent/guardian, we want you to have mementoes of your skating.

However we will not condone any inappropriate photography or filming

The changing areas are a place where people get changed and so you could easily capture someone in the background who does not wish to be photographed (for whatever reason); therefore unless it is a posed shot that all in the area are involved then you **ARE NOT** permitted to take photos or film.

The **Gosport Ice Skating Club DOES NOT** give permission for any photographs or video taken during the Club session or event to be put onto any of the Public social media sites or upload sites that are available.

You must obtain permission from their parent / guardian before any pictures or video, which includes non-family members (especially under 16 years of age), taken as part the Club session, Competition or Event can be circulated beyond family members.

DO NOT use the flash mode when photographing during the performance – this presents a hazard to the skater.

When required, the Club can take video or photographs for Club fund raising or publicity in accordance with our Club rules.
